“ACT Insurance has been an absolute joy to work with. They taught us how to protect out artists with minimal costs. No hard sells—just the facts and prices. I have had the occasion to interact with ACT over the last several months to create an offer for our participating artists with a very tight deadline. The personal attention you get from them is second to none. It is rare these days to receive such excellent personal attention and customer service.”

Show/Event Policy: Our short-term show/event policy provides coverage limits that meet most show/event requirements and has become popular among artists who attend only a few shows a year.

Annual Policy: This more comprehensive policy is ideal for artists who attend multiple shows throughout the year.
